Allowance

1. An Examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Claims 2-7, 9-17, line 1; "An instrument panel" has been replaced with -- The instrument panel --.

Cancel claims 18-25.

The primary reason for the allowance of the claims in this case, is the inclusion of the limitation "at least one hinge portion defined by a plurality of tear

seam notches in at least one of said first surface and said second surface of said base substrate, each said hinge portion interrupting said door portion tear seam notch so that said door portion tear seam notch is not continuous" in the independent claim, in combination with the other recited limitations in claims supported by this application, which are not found in the prior art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
